

PRESS RELEASE

SkyTeam Cargo appoints new vice president

AMSTERDAM: July 14, 2017. SkyTeam, the global airline alliance, has appointed Nico Van der Linden as vice president of Cargo Alliance, from July 01, 2017.

With over 30 years of cargo experience, Van der Linden brings a wealth of knowledge and expertise to the role. Previous positions include management posts at both KLM Cargo and AIR FRANCE KLM Cargo, as well as time spent working in some of the world's most prominent transport hubs, including Paris, Dubai and Amsterdam.

Having worked with numerous international organizations, Van der Linden has accumulated experience across several key areas, including commercial, customer service and operations, in both central and regional functions.

In his new role, Van der Linden will be tasked with further strengthening the SkyTeam Cargo alliance by working closely with the 12 cargo members from around the world. In recent years, SkyTeam Cargo has implemented several initiatives and technological advances that have made it easier for customers to do business with the alliance partners. Van der Linden is expected to build on these successes and further enhance the customer's interactions with SkyTeam Cargo members.
